

# Looking Back to Look Ahead

2020 was an unusual year, to say the least. It may not have been what was expected, but God's faithfulness can most definitely be found through it all. Pause, settle, and reflect. After all, gold can still be found while sifting through dirt. One thing is certain—Heaven is celebrating your growth from this past year and cheering you on into the next. We're taking the turn of this new year to align our hearts with the voice of our loving Father; His delight in how we've chosen to navigate 2020 in hope, and the anticipation of more of His goodness to come in 2021.

As you reflect on the following questions, ask the Father to show you Heaven's response to your personal victories, breakthroughs, and celebrations.

SEEING WITH HOPE:

# Looking Back at 2020

01

What is something you learned this past year that you will always remember?

02

What area of your life this past year are you most proud of?

03

How did you show the love of God to those around you?

Holding on to God's promise in Romans 8:28, there is much to be excited about as we welcome 2021. He has been working all things together for our good behind the scenes of 2020. Spend some time this month dreaming with the Holy Spirit about what's to come. It was for the joy set before Him in the resurrection life and salvation of the world that Jesus could endure the cross. You may have been stretched in many directions this year, fighting hard to stay connected to God, yourself, and others; but you are stronger now. You have grown in so many ways, whether you realize it now or not. What joy has He set before you this year that you can take with you into 2021 and anticipate what lies ahead?

SEEING WITH JOY:

# Looking Ahead to 2021

01

How will you walk out your growing confidence in His goodness?

02

What will you protect boldly and courageously?

03

Who will you serve wholeheartedly and how?

We pray that in 2021, you will walk with confidence in who you are and Whose you are. We declare that you will see God move in every area of your life, including in your city and country. God has a divine purpose for you and He has plans for your growth. He wants to entrust you with so much more. He is your strength in every battle you face. You have everything you need to see His Kingdom all around you. We bless you with that knowledge this new year.
